Technical Data for:

MARA COOLANT G12+ READY TO USE

Description:
MARA COOLANT G12+ READY TO USE is ready-to-use monoethylene glycol-based coolant from the organic antifreeze (OAT) group. Free from nitrites, amines, phosphates, borates, and silicates, it protects cooling systems from freezing, boiling, and corrosion. Recommended for modern water-cooled engines, especially aluminum components, it suits both open and closed systems. The replacement interval is up to 5 years.

Benefits:
- Performs better in higher temperatures
- Reduces environmental impact during disposal

Specifications and approvals:
VW TL 774-D
VW F (G-12
VW G-12+)
MB 325.3
Ford WSS-M97B44-D
MAN Type 324 SNF
MTU MTL 5048
H.Z2.010 tip I

Storage:
Please store in a well-ventilated, dry, and cool area, away from direct sunlight and out of reach of children. Additional information can be found in the safety data sheet.
