Technical Data for:

MARA COOLANT G11 - READY TO USE

Description:
MARA COOLANT G11 - READY TO USE is ready-to-use monoethylene glycol-based coolant designed for vehicles requiring hybrid antifreeze. Free from nitrites, amines, and phosphates, it contains silicate for optimal water pump protection against cavitation. It safeguards conventional and aluminum radiators from frost, corrosion, and overheating, and is suitable for both open and closed cooling systems. The replacement interval is up to 3 years.

Benefits:
- Formulated for optimal freezing/boiling protection and corrosion resistance

Specifications and approvals:
VW/Audi/Seat/Skoda TL 774C (G11)
MB 325.0
MAN 324 NF
MTU MTL 5048
Volvo 128 6083
Volvo 002

Storage:
Please store in a well-ventilated, dry, and cool area, away from direct sunlight and out of reach of children. Additional information can be found in the safety data sheet.
