Technical Data for:

MARA GTX 700 10W-40

Description:
MARA GTX 700 10W-40 is a premium semi-synthetic multigrade high-performance motor oil with exceptional lubricating power that ensures flawless operation even under the most demanding driving and climatic conditions. Designed for gasoline and diesel engines, regardless of whether they are equipped with catalytic converters or turbochargers. It ensures constant optimal performance, promises a long service life and reliability of your engine. This product is specially adapted to meet the requirements of direct injection engines, adapting seamlessly to gasoline engines with or without catalysts, as well as diesel engines equipped with direct injection, turbochargers or common rail systems.

Benefits:
- Exceptional lubricating power
- Ensures optimal performance even under the most demanding conditions
- Reduces wear and corrosion

Specifications:
API SL/SJ-CF
ACEA A3/B4
MB 229.1
BMW Longlife 98
VW 505 00/501 01

Typical characteristics:

Test	Unit	Results
Kinematic viscosity at 100 °C	[mm2/s]	15.9
Viscosity index	-	139
Pour point	[°C]	-30
Flash point	[°C]	230

Storage:
Please store in a well-ventilated, dry, and cool area, away from direct sunlight and out of reach of children.
