Technical Data for:

MARA COOLANT G11 - CONCENTRATE

Description:
MARA COOLANT G11 – CONCENTRATE is concentrated monoethylene glycol coolant for vehicles requiring hybrid antifreeze. Free from nitrites, amines, and phosphates, it includes silicate for water pump protection. Dilute with demineralized water for effective frost, corrosion, and overheating protection. Suitable for open and closed systems, with a 3-year replacement interval.

Benefits:
- Offers flexibility in achieving desired freezing and boiling points
- Protects against freezing, boiling, and corrosion

Specifications and approvals:
VW TL 774-C (G11)
MB 325.3
MAN Type 324 SNF
BMW N600 69.0

Storage:
Please store in a well-ventilated, dry, and cool area, away from direct sunlight and out of reach of children. Additional information can be found in the safety data sheet.
