

AD01000 Complete Petrol System Cleaner

Document version: November 29th 2017

Description

MPM complete petrol system Cleaner cleans the entire fuel system including the fuel injectors, carburetor and valves. Main benefits - Cleans the entire fuel system including clogged injectors, dirty carburetors and valves.

- Improves and enhances the engine and combustion performance.
- Eliminates rough idling and engine hesitation.
- Prevents fuel system corrosion.
- Reduces fuel consumption and emission of hazardous exhaust gases.

Application For all petrol engines with injectors or carburetor running leaded or unleaded fuel. Suitable for use with vehicles fitted with catalytic converters.

Appliance instruction Pour entire content of the 250 ml bottle in the tank, preferable before refueling with petrol. Dose for 40 to 60 litres of fuel. The product can be used as a curative treatment or preventative if used on a regular basis.

Packing units
